LIGHTS FOR LEARNING

In November, 8,026 bulbs were sold; over the lifetime of the bulbs sold, the savings will equal approximately \$546,924.00 in energy costs, 3,613,050 in kWh, and will help to reduce carbon dioxide emissions in the atmosphere by 5,564,097 lbs.

Did you know...

Using 100 kWh of wind power each month is equivalent to:
Planting 1/2 acre of trees
Not driving 2,400 miles

Know your facts:

Though accounting for only 5 percent of the world's population, Americans consume 26 percent of the world's energy. (American Almanac)
